

GC2018 Ticket Request Information

Ticket requests for the Gold Coast 2018 Commonwealth Games (GC2018) will officially open online today (Monday, April 24) at 12pm AEST via gc2018.com/tickets

In order to make it fair for everyone, GC2018 tickets will initially be available via a Ticket Request phase over a four-week period from April 24 to May 22. This process is standard practice at every Commonwealth Games and major global sporting events such as the Olympic Games, FIFA World Cup and Wimbledon.

For any sessions that receive more tickets requests than there is availability will have tickets awarded via a fair and equal draw. The fair and equal draw is made by computer and processed randomly. KPMG is assisting in reviewing controls in relation to this process.

Spectators can place a ticket request at any time during this phase and no preference will be given to the time of day or date a ticket request is placed.

At the conclusion of the ticket request phase, all unsold tickets will be released for sale on a first come, first served basis in July, 2017.

Spectators can look forward to inclusive, accessible and affordable ticket prices with adult tickets starting from as low as \$20 and half price children's tickets available from \$10.
